Letter of Reference for Samara C. Kezele Fritchman

I am writing this letter of reference for Samara. I have known Samara for the past year, during her 1 year contact at TCC. I have observed Samara's professionalism on many occasions while working with veteran students at Tacoma Community College (TCC). Samara's ability to relate to veteran students is highly noteworthy. Samara is highly approachable, knowledgeable of veteran's unique issues, and passionately understanding of what veteran students have gone through.

I have heard positive feedback from veteran students that attended her HD 101, College Success Seminar. Several veteran students have expressed to me that she is very helpful in understanding veteran needs and providing veteran students with information for navigating the community college experience.

I highly recommend Samara Kezele Fritchman for any position assisting veterans and other diverse populations.
