Extremely Useful	Great job to Dr Fritchman working well with limited resources during this COVID era! She was awesome BUT I want to encourage INR to INVEST in more Zoom features! It would have 100 interactive video panelists, 49 viewable on screen at one time; Screen Sharing from panelists (even videos with audio); Q&A with the ability to like and up-vote questions; In-webinar text-chat; Polling; Attendee and webinar performance reporting; Mute/unmute panelists; Promote attendees to be panelists; Whiteboarding and annotation tools; ( streaming services; PayPal Integration; Language Interpreter support; Source tracking (up to 50 sources). Please consider this for 2021. THANK YOU! :)
Extremely Useful	Dr. Fritchman went above and beyond with providing resources and references.
