Letter of Reference

Samara C. Kezele Fritchman, LMHC, CEAP, JD

To Whom It May Concern:

I have been in practice for 38 years and have attended numerous conferences on Ethics. They can be deadly dull!

On October 7, 2008 in Davenport, Iowa I had the pleasure of attending Samara C. Kezele Fritchman's day-long presentation Ethics: Essential Knowledge for Today's Counseling, Mental Health & Healthcare Professionals. It was a very interesting and enjoyable day.

Samara's background in mental health counseling, education and law were evident in her presentation. She has a wealth of theoretical knowledge and a variety of work experiences. These combined to produce a clear presentation with relevant and, at times, entertaining examples.

I think any educational institution would be fortunate to have Samara on the faculty.

Sincerely,

Ann E. Dunnigan, L.I.S.W., M.S.W.
