Dear Dr. Fritchman,

This letter is to thank you for your excellent training on October 22, 2008, Ethics: Up-to-date Essential Information for Counseling, Mental Health and Healthcare Professionals. As a mental health professional in the field 13 years, the training was not the usual dry ethics material, but applicable, fresh, and appropriate to my daily business needs. I will use the material daily in my practice in employee assistance.

I found you to be extremely knowledgeable with a rare combination of business/legal/counseling expertise which I respect. The practical CD of forms and files for our purchase I also found helpful.

I truly thank you for your program and wish the best for you in all of your endeavors.

Sincerely,
