Hi Samara

Here is my recommendation:

I took the Ethics for Mental Health Professionals seminar from Samara in 2019. She is highly intelligent, interesting and personable. She told our class that if we ever needed some clarification on an ethics issue, she would be happy to respond and she really meant it. I emailed her with an issue I had with someone within the firm for which I was working at the time. She got back with me right away with some very helpful information. I would recommend Samara's seminars without hesitation. She is a person of integrity and she is a great teacher.

Thank you Samara. I am happy to provide a great recommendation for you.

Warm regards,  
Allison Elmlund, MA, LMHCA
