Yes, thank you for asking!

"I recently attended a seminar by Samara on suicide training. I went into this thinking it would be pretty standard and boring, but Samara did a great job making it easy to listen to and interactive the best way possible while doing it online. She had amazing resources for us. I later followed up with her regarding some more training I wanted her to do for my clinic and she got back to me quickly and was affordable for a large group training. I certainly recommend her trainings!"
