

# NICODEMUS MINISTRIES

*"Proclaiming the New Birth" John 3:3*

September 1, 2023

To Whom it May Concern:

Samara C Kezele Fritchman has been known to me since 2015. I have been her mentor in scriptural studies. Samara's ability to study and research is excellent, demonstrating a commitment to understanding Scripture in context and with spiritual discernment.

Over the years, she has grown in strength of faith, knowledge, wisdom, and her trust in God the Father.

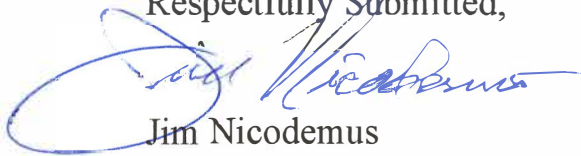

I have attended some of her professional presentations. Samara captivates the audience and encourages participation. She communicates concisely and clearly the material at hand.

It's been a joy to see her grow in dedication and commitment to the Truth. She approaches scripture with curiosity, while holding firm to the tenets of the Gospel message.

I, with no reservations, recommend Samara and her programs designed for churches, bible studies, conferences, and services designed for Christian schools.

If you have any questions, I can be reached at 253-617-5066.

Respectfully Submitted,

Jim Nicodemus
